

Online Booking System & SMS Reminder

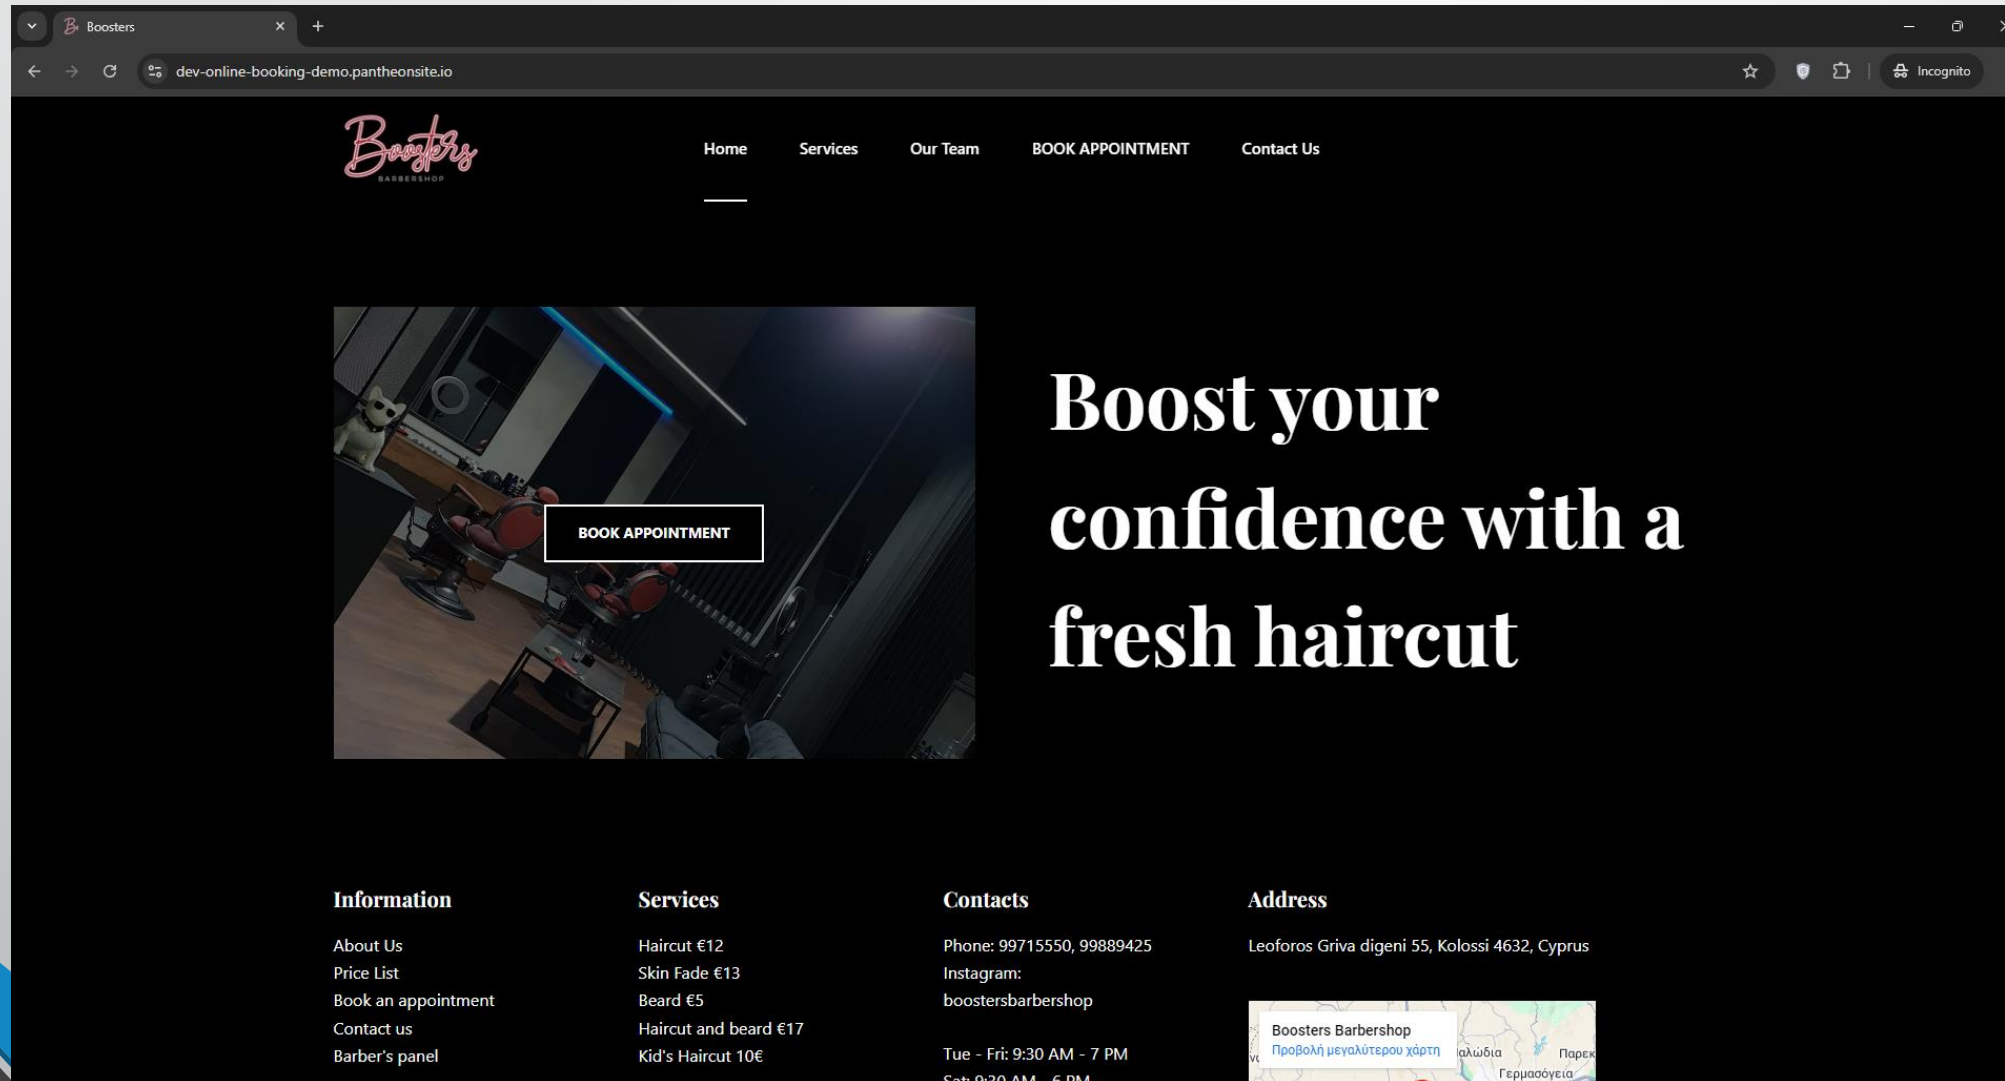

Demo

Description

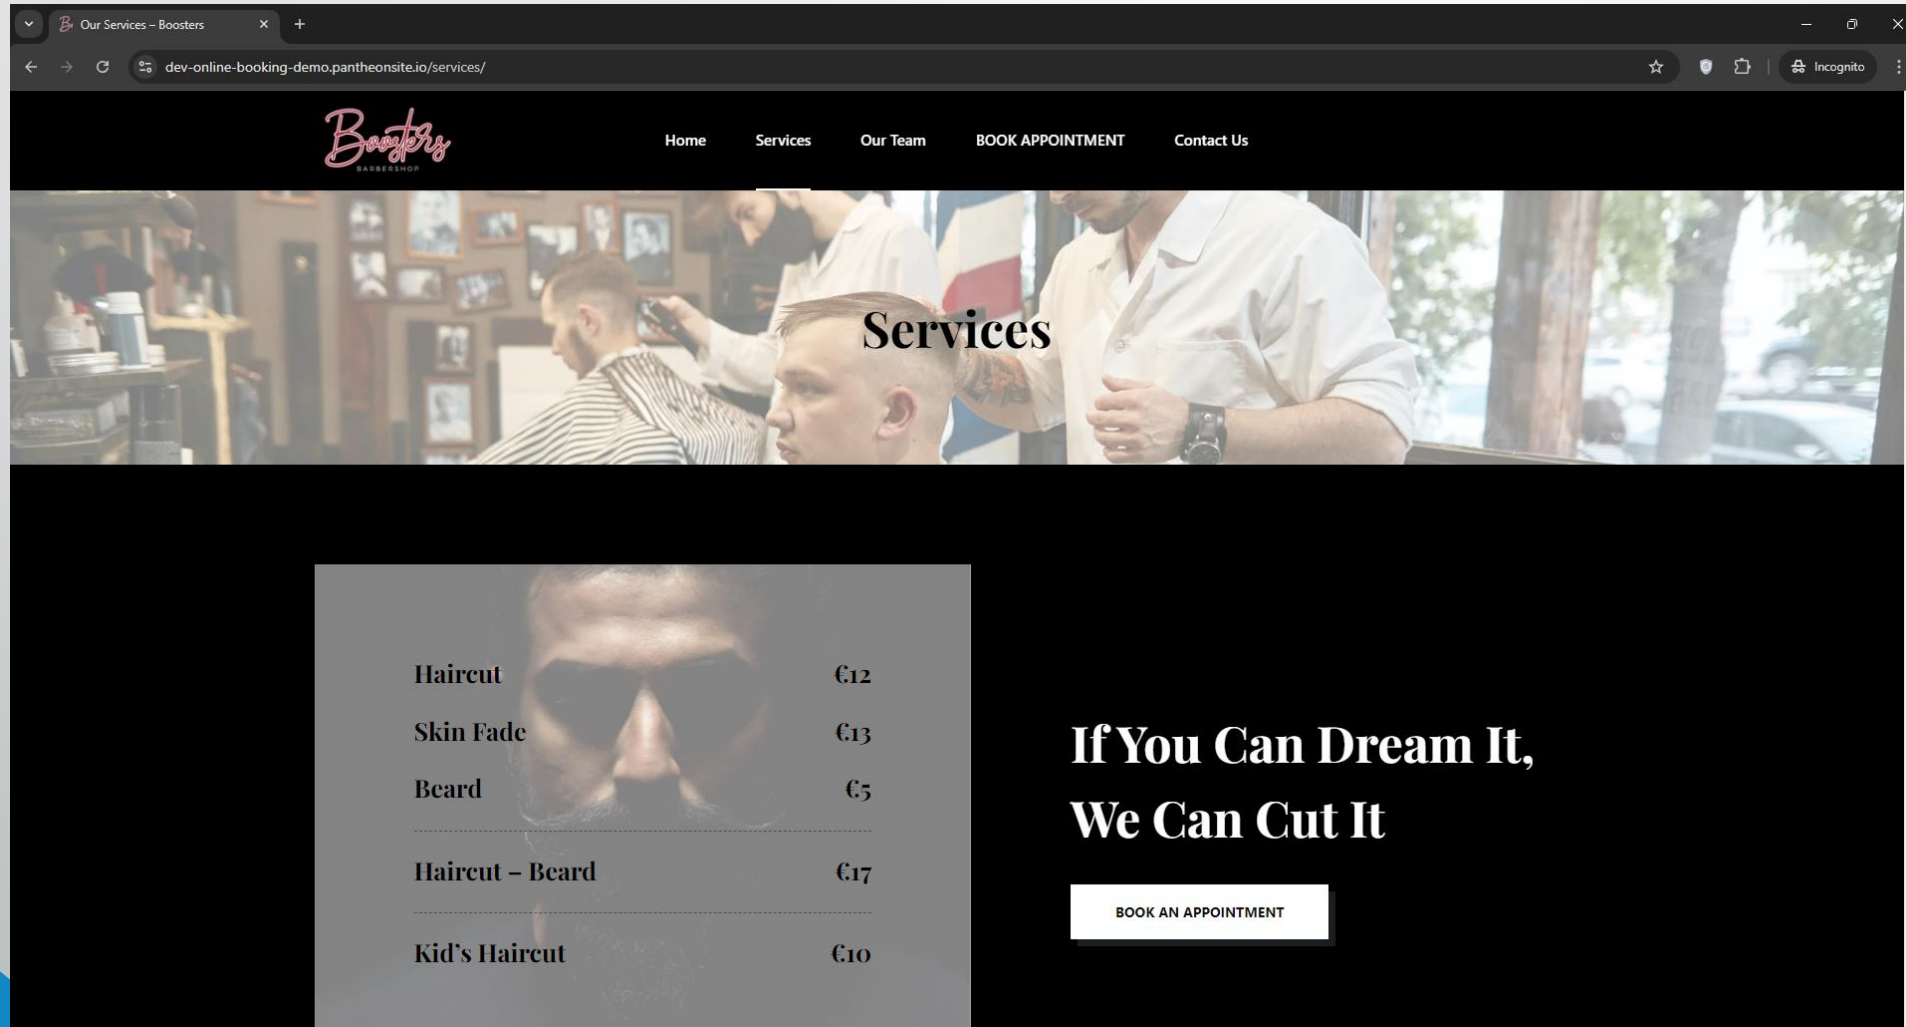

This web app is designed specifically for barber shops to streamline their appointment management and enhance customer satisfaction.

- **Online Booking System:** Allow customers to book appointments easily through a user-friendly interface.
- **SMS Reminders:** Reduce no-shows and improve customer engagement with automated SMS reminders.

Book an Appointment – pick a service

The screenshot shows a mobile application interface for booking an appointment. On the left is a dark sidebar with four menu items: 'Service Selection' (selected, with a radio button), 'Date & Time', 'Your Information', and 'Payments'. At the bottom of the sidebar is a 'Collapse menu' button with a right-pointing arrow. The main content area is titled 'Service Selection' and contains a form. A red rectangle highlights the 'Service' selection section, which includes a dropdown menu labeled 'Select Service' and a list of services with their prices. The services listed are: Haircut (€12.00), Skin Fade (€13.00), Haircut & Beard (€17.00), Beard (€5.00), and Kid's haircut (€10.00). At the bottom right of the main content area is a 'Continue' button.
